2022 SUPPLY CHAIN

Due to the CoronaVirus pandemic, the bicycle industry has been experiencing unprecedented demand for products. Lead times for all parts are extremely long and in light of this we have planned ahead as far as possible to ensure we have a good supply of product through 2022.

Possible spec updates

In the event of unforeseen delays, or supply chain issues outside of our control, we reserve the right to make spec changes to alternative components of the same value. We will of course do our best to inform any affected customers of these changes.
